If they're looking  
for something...

It's probably  
in that pile over there  
somewhere...

so tell them  
to look for it  
themselves!!

Heheh.

I told you before:  
it'll take more than  
two months to clean  
up this place!

We've just  
fixed the broken  
window from the  
earthquake.

I don't know  
how long it will  
take, though.

So, how long  
do you plan  
on teasing  
me with?

She'll be  
clearing this  
place alone.?

Don't mess with  
me, or I'll be having  
DO NOT MIRROR

Why are they  
all so pretty-?

They're all  
so beautiful  
and kind.

Are you hurt  
anywhere? Are  
you okay?

No...

That was a moment  
where I felt like I was  
being saved. I feel  
better now.

Thank you.

Thank you.

Lady Eterna,  
you don't have to  
do anything.

It's my duty.

But if the books  
are stacked like  
this, someone  
could get hurt...

and if we close  
it up together,  
we'll be able to  
find it faster.

She handled  
everything well and she's  
stronger than she  
looks...

Uhh... I'll tell  
you this since it  
should be in our  
look for these  
times...

Is this a  
cookbook?

To the untrolled  
eye, yes.

However,  
most of it has been  
developed so it is  
not accurate.

Even before  
you get into the kitchen  
and start to cook, having  
a good idea of what you  
are doing is important.

If we decrypt it according to this passphrase...

We can get the name, type, element, effect, contract requirement, rank, image and other information this way...

This is the second grade passphrase. It can't fool my eyes.

Now, let's see.

I have no idea who bought it, but we can tell who is managing all these...

This Dragon Artifact does not have any words engraved on it.

so you'll need to look through unidentified Dragon Artifact pages.

Also, you can't  
take out people due to  
the regulations here.

so we must  
collect the necessary  
information as soon  
as possible and...

Ms. Karin did  
something happen,  
by any chance?

You look like  
you're in a rush to  
go somewhere...

Yes?

There are many  
different types of  
business models.

Truthfully, we've  
lost contact with Magi  
and the hunters.

I don't know  
what's happened to  
them, so I can't help  
but worry...

Oh my... Then  
you should head  
over there.

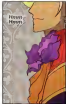

I'm sorry for  
worrying you.

It'll take some  
time to decode all  
this, anyway.

OPEN

Leel My good  
ol' friend!

To think you  
came all this way  
just to see  
me!

Heena! Where are you going?

Dorton, by train. They don't have an airplane to fly there.

Are you really leaving?

I've already visited more than enough.

Also, there's no reason for me to stay here very long.

Hey, hey, hey!  
It's the festival! There's five more days left!

Isn't you need  
to visit the kingdom  
soon as well?

Because of  
the marriage.

Why don't you  
rest here and take  
the plane back to  
the capital?

why don't you just  
hurry up and sit on  
your way!

just the thought of you  
sitting there makes me feel  
exhausted already

hmpf

I'll be back  
in a week

Please, be  
careful

I hope nothing  
happened...

My, Karin,  
wait for me.
